

Book launch and celebration of the life and work of

# DONALD COXETER

Please join House of Anansi Press and The Fields Institute  
for the book launch of

## *King of Infinite Space: Donald Coxeter, The Man Who Saved Geometry*

By Siobhan Roberts

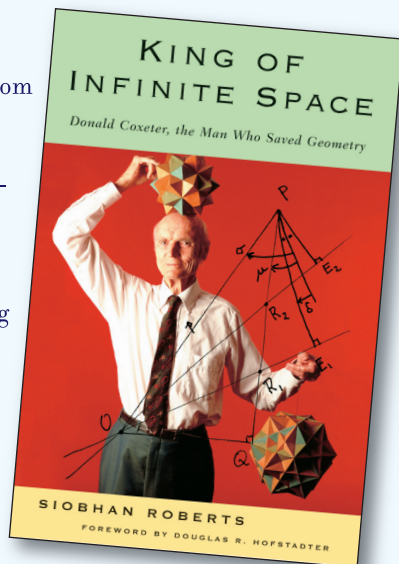

### FEATURING:

Siobhan Roberts on “A Dodecahedral Universe” —a computer-animated excerpt from *King of Infinite Space* (with 3D glasses).

The short films *Dihedral Kaleidoscopes* — an internationally award-winning short geometry documentary starring Donald Coxeter; and *Space, Time, and The Atom Bomb* — with Coxeter and Lister Sinclair discussing geometry as applied to the everyday world.

Reception featuring Larissa Doherty on piano, performing Coxeter’s teenage compositions. Refreshments will be served.

Tuesday, December 12  
6:30 P.M.

The Fields Institute  
222 College Street, Toronto, ON
