Our favourite part of your service was the beautiful tour of Toronto our chauffeur gave us before taking us to our concert. It was very romantic driving through the city at night sipping champagne! A very enjoyable time with professional service. Would never consider using anyone else in the future. Airis Kulafi, Cambridge March 21, 2006 James Blunt Concert

The chauffeur was exceptional, great personality & very helpful. We would have done absolutely nothing different!!! This was a no hassle event, with exceptional service. I was extremely pleased with every aspect. The limo was spotless and very comfortable. Already thinking about next time. Keith R Edwards March 21, 2006 Concert at Massey Hall

My favourite part of your service is the red carpet treatment and a clean return to the limo between stops. John is always an absolute dream to work with. His kindness, relaxed attitude and attention to detail are always much appreciated in making our limo trips exceptional. Alicia Robertson, Kitchener Business Trip, December 2004
